It is being backed by the The Chittenden County, Franklin County and Grand Isle County Farm Bureaus. gether with the Pomona Grange and the Milton Co-operative Dairy Corporation will take advantage of this basket picnic been planned. A tractor demonstration will be staged in the morning; during the lunch there will be speakers of national reputation, a band also is to be there to assist the digestion of the crowd, and ice cream, iced milk, cheese, buttermill Further announce and particulars will be made later.

#### HOSPITAL WEEK

Lest the busy housewife forget the extra far of jam, jelly, conserve, mar malade and preserves that she has been asked to make for the Mary Fletcher Hospital, the Woman's Auxiliary suggests the following reliable rules: CURRANT OR GOOSEBERRY CON-

Seven pounds of the fruit, cooked and strained. Six pounds sugar, two pounds raising, seeded, add the juice and chopped

half hours over a slow fire. SPICED CURRANTS

wo table-spoons ground cloves two Boll gently for two hours. This makes live pint cans. Use brown sugar.

CHERRY CONSERVE Three and one-half pounds cherrie pound raisians, three oranges. Stone an sugar add it to the cherries also the raisins and the pulp and juice of the oranges. Cook until as thick as marmalade CHERRY BUTTER

Three cups pulp, two sups sugar. Con cherries in a little water to start them when soft rub through a sieve, add sugar cook until thick.

RHUBARB AND OBANGE MAR-

MALADE qual parts of sugar and rhubar th unpealed but cut very fine), add hole orange, one-half pound raising opped fine to each pound of rhubarb.
Mix thoroughly allow to stand several hours to agate kettle, cook down thick.

PRESERVED PINKAPPLE

Peel the pineapple, put through the meat chopper add three-fourths of the eight in sugar. Bring alowly to a boil Respheries will soon be very plentiful Combining these with currants or pineapple makes a delicious carmed sauce. Remember Hospital week, beginning

#### KILL WER WORMS AND MOTHS BY

Observations of H. L. Bailey, in charge of insect suppression for the Vermont department of agriculture, point to the probability of a large number of fall web worms during the next months. They are native insects, not generally plantful enough to be important. Occasionally, however, they become so abundant as to threaten the foliage of many orchard and shade trees; and in such cases may be controlled by apraying with arsenate of lead at the rate of two pounds (dry) to 30 gallons of water, Groups of the insects make their presence apparent by they are eating. Sometimes large branches come completely covered with suc

adults of the green striped maple worm. so-called, have also been observed, and attacks from this species. Spraying, as for the web worm, is recommended in cases of small street trees or whenever else it may be feasible.

#### GAVE IT TO CHILDREN AND GRAND-CHILDRES

Mrs. V. M. Katz, 563 Armondaio St., N 8. Pittsburg, Pa., writes: "I gave Foley's Honey and Tar to my little grandson when he had a bad cold and it did him lots of good. I used a lot of it when my own children were small." It must have merit to hold the leadership generation after generation. J. W. O'Sullivan. 30 Church St .- Adv.
